

#### REMARKS/ARGUMENTS

The remarks are responsive to a Quayle Action. Claims 18 and 19 have been amended to make formal corrections only as required by the Examiner. Applicants note that claim 17 has also been amended to make the same formal correction. Thus, in claims 17, 18 and 19, an “s” has been added to “value” in “the detected bytes of specific value,” to now read as “the detected bytes of specific values,” as is recited in claims 5, 6, 7, and 15.

Further, claims 17, 18 and 19 have been amended to remove a double “a” on line 19 of claim 17, and line 15 of claims 18 and 19.

Applicants gratefully acknowledge the finding that all claims are directed to allowable subject matter and thank the Examiner for diligently identifying errors in claims 18 and 19.
